WHEELER PLAZA PARKING UPDATE

ADDITIONAL FREE PARKING DURING CONSTRUCTION

Dear Valued Patients:

Please note that the existing Wheeler Plaza Parking lot will close for construction in April 2017.

During construction additional free public parking is available:

- Free attended 3 hour public parking is available on the top level of the Sam Trans building, accessible on Walnut Street, just north of San Carlos Avenue.
- Free attended 3 hour Valet-assisted parking lot at 616 Laurel Street, includes handicapped and motorcycle parking, will be open and staffed by an attendant.
- Existing downtown public parking lots will remain open during construction.
- There are four (4) parking spaces exclusively for our patients located behind our 1234 Cherry Street building.

We apologize for any inconvenience this Wheeler Plaza parking lot closure may cause you.
