

## Poor Report Card?

As a parent, you definitely want to see your child succeed in school. But are you dreading his or her report card too? If so, then there are some things you need to know. Your child may be struggling in school due to undetected vision problems. Does your child:

- Avoid reading or homework?
- Turn his or her head at an angle when reading?
- Have more trouble understanding the longer he or she reads?
- Understand materials he listens to but has trouble remembering when reads material his or herself?
- Have poor attention, daydream or fatigue easily when studying?

These are just a few of the symptoms. If you feel your child's report card doesn't reflect what you know your child can do, let us help. Don't wait. If a vision problem is at the root of the problem, we can help make a difference!
